

## CSI-Staff Wireless for Smart Phones

CSI-Staff allows you to stay logged into CSI's wireless system on up to 3 devices. Once devices are connected they will remain authenticated to the CSI-Staff wireless network until 7 consecutive days of inactivity have elapsed.

To login to CSI-Staff, follow the steps below:

1. Go into your Wifi settings and select "CSI-Staff".
2. Enter your FLAS username and password.
3. Click "Join".
4. When you have successfully joined the network, you will see the Wifi icon next to your mobile service.

**NOTE: On Android devices clearpass.csi.cuny.edu must be added to the Domain field.**

## CSI-Staff Wireless for Laptops & Other Devices

1. Open the Wifi settings on your device.
2. Select "CSI-Staff" from the list of available networks.
3. Click "Connect".
4. Enter your FLAS Username and password.
5. When you have successfully joined the network, your Wifi settings will show that you are connected.

If you are unable to login to CSI-Staff and need your FLAS password reset, please contact the Technology HelpDesk at 718-982-HELP (4357) or visit us at 2A-306D.
